## **Dinero Software Pvt. Ltd.**

Dinero Software Pvt. Ltd. is an expansion/branch of Netsphere, Inc. operating from Mumbai, INDIA. Netsphere, Inc. is a 15 year old Internet company based out of Orange County, California.

We specialize in several disciplines of website traffic development and monetization. We currently employ and manage over 40 individuals across three states in the U.S., and are looking to expand our back-end operations into India to take advantage of the many opportunities and trends abroad.

We work with and utilize many of the top Internet companies in our business on a regular basis (e.g. Google). As one of the leading traffic partners for several large Internet companies in the past five years, our client is essentially the web itself. In addition, we also own and operate several web-based companies in telecommunications, daily deals, domain registration and services, as well as domain consulting and website optimization.

These brands include DealFox.com, CallingCards.com, UniversalCaller.com, Domainbrokeronline.com, Credit5.com as well as Smartphone app development for the iOS and Android platforms.

Work Location: Andheri East. Interested candidates can send their updated resume on [hr@dinerosoftware.com](mailto:hr@dinerosoftware.com)
